What is

“Working Smarter?”
Mission Statement

❖ My mission is to teach Mac users to:

❖ Use their Macs better, faster, and more elegantly.

❖ Banish procrastination forever.

and

❖ Do more work in less time so they have more time for the things they love.

Duet: Turn your iDevice into a Mac display...

Space Is A Beautiful Thing

Ex-Apple Engineers turn your iPad into an extra display.
Now for Mac & PC.

More Space

Duet is the first app that allows you to use your
iDevice as an extra display for your Mac using the
Lightning or 30-pin cable.

Fast
Duet is built by ex-Apple engineers
delivering a retina display at 60
frames per second with zero lag.
Seriously.

Productive
An additional display increases
productivity by up to 48%.

Touch
Interact with OS X like never
before. The most advanced display
for your Mac.

This is a test. If this had been an actual note, I'd probably have said something more interesting than "All work and no play makes Bob a dull boy..." over and over again.

All work and no play makes Bob a dull boy. All work and no play makes Bob a dull boy. All work and no play makes Bob a dull boy. All work and no play makes Bob a dull boy.
