# 10 Mostly Useless Things You Can Do with Your Mac's Accelerometer!

presented by

**HAAUG's Matt Willmore**

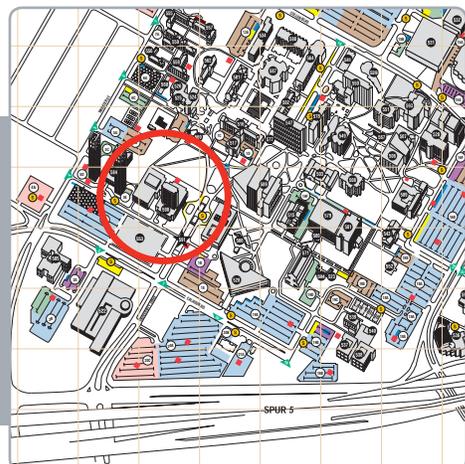

**Saturday, May 17th**

HAAUG's Greg Wright will present a demonstration of the "10 Mostly Useless Things You Can Do with Your Mac's Accelerometer." The Main Presentation starts at 11:15 a.m. with Special Interest Groups starting at 9a.m. at University of Houston University Center, 4800 Calhoun Road, Houston, Texas 77004 in the Mediterranean room.

# Boss HAAUG Speaks

Monthly Address from the HAAUG President

User group members get special pricing on all Nova products by making their purchases through the special web site.

[www.novadevelopment.com/mug](http://www.novadevelopment.com/mug)

In addition, HAAUG receives a 10% commission on the sales that are linked to our club's name through the Nova web site.

## A month of celebration.

The May HAAUG meeting will be at the UH University Center. Old hands will remember that was home to HAAUG for many years. We will be using the Mediterranean room for the main meeting and the Aegean room for other SIGS. We have had a difficult time since our relationship with the Rice Media Center ended in December. The board is still looking for a location that will host us. We have been lucky to get the Bellaire Civic Center for the last two meetings but other groups have reserved the space on our normal meeting date. Finding affordable space is a problem for many groups like HAAUG, there are lots of groups that need space and there is lots of space but the prices are so high that civic groups can't afford it for the long term. We have received suggestions and the space committee is looking in to it.

The Mac community celebrated a milestone this month with the tenth anniversary of the release of the original iMac. Yes the bright blue plastic computer that started the renaissance of Apple is hitting puberty. In a sense the iMac was the later iteration of the original 128K Macintosh. One box that all you had to do was plug in the mouse and keyboard and you were computing. I remember that shortly after the machines release every disk drive, USB hub and even a keyboard came in Blondie blue. Even house wares started coming in bright translucent plastic. New products were named iWhatever or eWhatever. Also the iMac signaled the rise of the Internet. Apple popularized new connection standards USB and Firewire came into the lexicon. Gone were the ADB, NuBus and SCSI. Some members may remember the uproar about the lack of a floppy drive in the tech press. Our PC brethren just could not understand not having a floppy. Well the times have certainly changed; the coffin is not locked but with recordable CDs and USB thumb drives, the floppy disk close to being a think of the past.

Apple had a good first quarter posting revenues of \$7.51 billion with a profit of \$1.05 billion, or \$1.16 per share. These are very good numbers in a quarter where the economy was thought to be slowing down. Since Apple's main business is selling gadgets to consumers the next quarter might be a little less golden. In other Apple news the iPhone seems to be in short supply and the Apple rumor sites seem to think that this signals the second generation of the iPhone. The feeling is that the new iPhone will be released at the same time as the Apple Worldwide Developers conference. (WWDC I was speaking to a colleague about WWDC and said that he might not be able to attend because there is a lack of Hotel rooms in the San Francisco area. He felt that iPhone developers were adding many more participants this year.

Hey HAAUG is turning thirty this year. We may be getting old but we are still the largest Mac User group in Texas. We still meet monthly and while we are not as large as in years past we have grown to over 270 members this year. That is something to celebrate. We can still use new members and if you know a new Mac user or an old hand at the Mac OS encourage them to come to a HAAUG meeting. I always find something interesting at the meeting. If everyone helps we might break 300 this year.

See you at the May Meeting. .

**Phil Booth**  
2006-2008 HAAUG President

# HAAUG's NEW Facebook + MySpace Pages

Club Announcement

## We're on Facebook + MySpace! Check it out.

Starting this month, the basic frameworks for HAAUG's NEW Facebook and MySpace pages have been created thanks to active HAAUG member and new VP Facilities, Matt Willmore.

### Facebook:

<http://www.facebook.com/group.php?gid=9219003379>

(must be a Facebook member to view)

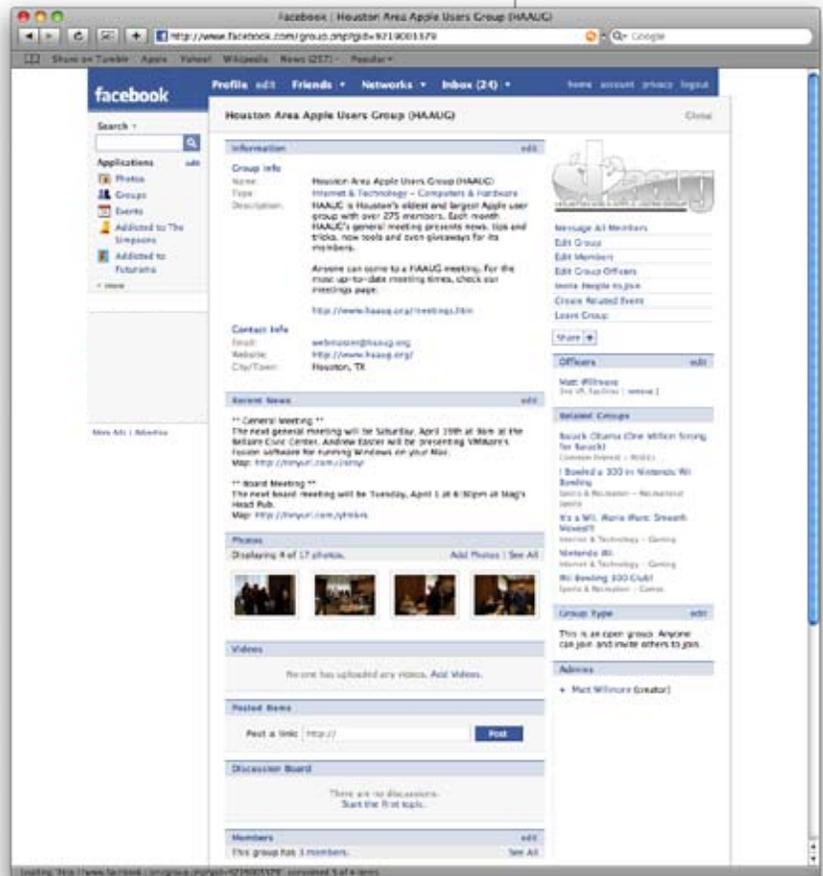

### MySpace:

<http://groups.myspace.com/haaug>

(open to the public)

These pages are part of a larger plan drafted by the Vision Committee to create more of an outreach to potential HAAUG members in the Houston area and beyond. Both Facebook and MySpace have been found to be immensely successful in informing and recruiting youth that otherwise may not have become aware of organizations such as Houston Area Apple Users Group.

We highly recommend that current members pass along this information to fellow Apple users and take a quick look for yourself at our progress.

# Bouncing Mail

By Mort Butler

## Which e-mail program do you use?

Entourage 2008, Entourage 2004, Outlook, nor Eudora have that capability today. Apple's "Mail" program does. Look at the menu bar and click on "Messages" about half way down the list is the command "Bounce".

I was receiving ten or twelve Spam messages a week, so I decided to try using the bounce command instead of just deleting them. Most of the time a Spam message would show up in my "Junk" folder because the program is set to try and not show me any that it thinks is spam. Most of the time the program was correct & I had been deleting those items from the junk folder weekly, but I noticed that I was getting more spam from the same address each week. Then I decided to try Bouncing them to see what happened, & much to my surprise, most of them stopped coming in.

Now I check my junk mail box daily by seeing if there is a number next to the Junk box which tells me there is something in there & I open the Junk Folder to Bounce the item(s). I highlight that item & if I have several, I hit Command A to highlight all of them, then move my mouse to the Menu Bar/ Messages/Bounce & release the mouse button to get them on their way back to the senders.

This is my way of telling them that my address does not exist & that server should delete my address from that list. Thus my address is removed from a saleable list & the present or future owners of the list can no longer e-mail me.

# OtterBox Announces NEW "Strength"

Advertorial - Press Release

## Support the Avon Breast Cancer Crusade

**Fort Collins, CO**—Imagine the amount of strength it would take to overcome breast cancer? For all the lives impacted every year, Otter Products, LLC. partners with the Avon Foundation to offer limited edition pink cases as a show of support for those fighting, the survivors and those who have lost someone to breast cancer. By purchasing an OtterBox for iPhone or iPod nano Defender™ Series Strength case, OtterBox will donate 10% of the purchase price to the Avon Breast Cancer Crusade to support access to care and finding a cure for breast cancer, with a focus on the medically underserved.

"OtterBox is honored to offer pink cases to support the Avon Breast Cancer Crusade," said Curt Richardson, CEO of Otter Products, LLC. "As one of the most common cancers in women, breast cancer is something that has affected nearly all of us at OtterBox and we are dedicated to our partnership with the Avon Foundation to work together in fighting this disease."

"The Avon Foundation is so grateful to OtterBox for supporting us with these special and useful products," said Carol Kurzig, executive director, Avon Foundation. "Together, Avon and OtterBox can raise more awareness and funds that will ultimately result in saving lives."

OtterBox will offer its popular Defender™ Series line to protect the iPhone and nano 3rd generation from drops, bumps and shock.\* These sleek, slim fit cases provide complete screen and Click Wheel interaction right through the case and three innovative layers of protection:

**Layer 1:** Clear polycarbonate sheet with high performance hard coating that offers chemical and abrasion protection.

**Layer 2:** Hi-impact polycarbonate skeleton.

**Layer 3:** Premium grade silicone skin to provide added protection against drop, bump and shock.

The iPhone case provides access to the home, volume, sleep/wake buttons and proximity sensor and acoustic vents on speaker phone and headset speaker allow clear sound transmission. The nano case provides access to the hold button. Headphone jacks and dock connectors accessible on both cases.

Together we have the strength to fight breast cancer.

Get 15% off any product (first order only) online order at [www.OtterBox.com](http://www.OtterBox.com) by entering coupon code **haaug15** during checkout.

# Minutes

HAAUG Board of Director's Meeting - Tuesday, March 4, 2008

**Attendees:** Philip Booth, Jim Connell, Rex Covington, David Crook, Amy Denton (via iChat), Andrew Easter, Michael Epstein, Joe Fournet, Clair Jaschke, David Jaschke, Mike King, Rick Roberts, Doug Smith, Matt Willmore and Greg Wright.

**Call to order:** 6:30 p.m. by President Philip Booth.

**General Announcements/General Meeting Recap:** Phil Booth reported that the February General Meeting was well attended and that Bob LeVitus's presentation was well received. While the meeting room at the Looscan Library meets HAAUG's needs, the limited parking lot at the library and difficulties in scheduling the room on the third Saturday of the month make the library an unsuitable location for HAAUG's General Meetings. The meeting room at the library is already booked for another event on the date of the March General Meeting. Consequently, HAAUG has reserved two rooms at the Bellaire Civic Center for the March and April General Meetings at a cost of \$150 per meeting.

## MONTHLY REPORTS:

**Secretary:** The minutes of the board meetings held on February 5, 2008, were unanimously approved as submitted.

**Treasurer – Barbara Long:** Barbara Long, who was unable to attend the meeting, submitted her reports by email. She reported that HAAUG ended 2007 with a bank balance of \$11,104.37 and a year-to-date loss of \$2,253.57. At the end of February, HAAUG had a bank balance of \$10,528.14, which includes payment to the City of Bellaire for rental of the Bellaire Civic Center for the March and April General Meetings. Phil Booth noted that HAAUG's financial records for 2007 need to be audited and asked for volunteers to conduct the audit with Barbara Long. Phil Booth, Jim Connell and Mike King volunteered to serve on the Audit Committee.

**1st Vice President – Doug Smith:** Matt Willmore will make a presentation on iLife '08 at the March General Meeting. Doug is discussing the possibility of having Micah Gartmann, a former HAAUG member and Genius at the First Colony Apple Store, to make a presentation at the April General Meeting on the resources and training available at Apple Retail Stores. His appearance will require approval of Apple's legal department. Doug is working on getting a presentation on Microsoft Office for Mac 2008 for the May General Meeting. Roxio may send items to give away at our meetings. Doug announced that he may not be able to attend the March General Meeting and will definitely miss the April General Meeting due to work obligations.

A committee consisting of Andrew Easter, Doug Smith and Greg Wright met recently to discuss topics for future presentations and ways in which to enhance the presentations for attendees. Among the ideas discussed are giving attendees a handout with the topics and web links discussed at the end of the presentation and including a page on the HAAUG website with web links discussed in the presentation, as Bob LeVitus did for his presentation at the February General Meeting.

**2nd Vice President – Matt Willmore:** The March and April General Meetings will be held at the Bellaire Civic Center, which has completed its renovations. The center has Wi-Fi (limited to Port 80). HAAUG will need to use its own projector. We will be permitted to

set up the meeting room on the Friday evening prior to the General Meeting, using the center's chairs. Volunteers will be needed to help set up the meeting room. HAAUG has rented the main meeting room and one breakout room. We will need to conclude the meeting no later than 2:00 p.m. A swimming pool has replaced the parking lot that used to be near the building. Parallel parking is available in front of the building. Other parking, including on-street parking and parking at a school parking lot, is available in the area.

**SIG Coordinator – Rick Roberts:** There will be SIGs at the March General Meeting. Rick will distribute a SIG schedule by email prior to the General Meeting. Jonathon Magnus's SIG will begin at 9:00 a.m. and conclude at 11:00. The SIGs held at 9:00 a.m. and 10:00 a.m. will be held in the smaller room. The Digital Photography SIG and the new "Mac-n-stein" SIG will be held at 1:00 p.m. after the main presentation. The board discussed whether a Green Apples SIG should be held at every General Meeting. Rick noted that those who attend the Green Apple SIG usually need help on an individual basis and suggested that those needing such help ask at the reception desk. The board discussed the possibility of holding a Final Cut Pro SIG and concluded it would be a more appropriate as an evening SIG, possibly held at Rice or the Looscan Library.

**Apple Barrel Editor– Tamara Alexander:** No report.

**Webmaster – Jeff Davis:** No report.

**Membership – David Jaschke:** HAAUG had 275 members at the end of February 2008. Sixteen new members joined HAAUG, including one new member who joined for two years. Five members renewed their membership last month, including two members who renewed for two years. Phil Booth remarked that last month's boost in membership means we need to increase efforts to present good programs for the membership.

**HAAUG Heaven Forum/HAAUGNet—Robert Lacey:** No report.

**OLD BUSINESS:** None

## NEW BUSINESS:

**MacFest 2008 and 30th Anniversary Celebration Committee:** No report.

**Discussion of Vision Committee Meeting:** Joe Fournet reported that the committee covered a lot of ground at its initial meeting last month. He will send Tamara a report to publish in the Apple Barrel. Joe expressed his gratitude to Clair and David Jaschke for helping keep minutes of the meeting.

**Adjourned:** 7:00 p.m.

The Houston Area Apple Users Group Board of Directors meet on the first Tuesday of every month. All members are invited. The meeting is held at:

# Membership Benefits

Enjoy the benefits of being a HAAUG member.

## Monthly Meetings

This is where the excitement begins. On the third Saturday of each month, members of HAAUG meet for a day filled with activities, including presentations by major software and hardware vendors, special interest group (SIG) meetings, public domain software libraries, raffles and much, much more. Swap Meets are held twice each year, in January and July

## Software Libraries

HAAUG maintains public domain and shareware libraries for the Apple II, Macintosh and Newton systems. HAAUG also distributes system software for the Macintosh (7.0.1 and earlier), Newton and all Apple II series computers. HAAUG has been designated by Apple Computer to be the Central United States Repository for Apple II Software.

## Bulletin Board System & Internet Link

HAAUG Heaven is our 24-hour meeting place with several gigabytes of downloadable software, helpful information and discussions on all topics of computing, all accessible at rates from DSL speeds down to 33,600 bps.

## HAAUG Heaven

provides each member with an internet e-mail address allowing exchange of world-wide electronic mail. Many discussion topics and many internet newsgroups make the answers to your questions as close as your keyboard.

## Club Magazine

Club and industry news, meeting information and special member offers are published in our monthly newsletter - The Apple Barrel. The Barrel's content is also available to members on HAAUG Heaven in Adobe Acrobat format.

## Mentor Program

The HAAUG Mentor Program puts people with hardware, software, system or network problems in contact with volunteers who can provide solutions. Contact with the mentors can be made through the HAAUG Hotline, HAAUG Heaven, e-mail or at the monthly meetings.

## Special Interest Groups (SIGs)

People with common interests, including Macintosh and OS X basics, Newton, internet, games, educational computing, databases, publishing, graphics, desktop video, programming and more gather for in-depth discussion, product demonstrations, tutorials and general knowledge sharing.

## HAAUG Hotline

Call the HAAUG Hotline at 713-522-2179 for the latest meeting information, to leave voice mail for officers.

## Lots of Fun & Friendships

HAAUG is a not-for-profit volunteer group founded in 1978, three years before there was an IBM PC. Approximately 300 members enjoy the benefits of HAAUG. We range from beginners to experts, but we all know the secret to making our computers more valuable - a HAAUG membership.

Learn more about the benefits of HAAUG membership at [www.haaug.org](http://www.haaug.org).

**The Apple Barrel is a monthly publication of the HOUSTON AREA APPLE USERS GROUP (HAAUG) P.O. Box 570957 Houston, Texas 77257-0957.**

Apple Barrel's editors have a policy to protect the creative rights of authors. The Editors acknowledge that authors' works are copyrighted and intend to honor those copyrights by: 1) this statement of policy, 2) providing, when considered significant, copies of edited text to the author for review prior to publication, 3) seeking permission to reprint previously published pieces from the author whenever possible, and 4) printing acknowledgment of reprints used.

If you are interested in joining HAAUG, please call the HAAUG Hotline at (713) 522-2179 or sign up via our web site at [www.haaug.org](http://www.haaug.org).

Annual membership is \$45 for new members, \$40 for renewing members, \$25 for student members and \$25 for associate members (out-of-state members who receive the Apple Barrel through e-mail only). The Hotline is also the Mentor line if you need help. Guests are welcome to attend one or two meetings to get acquainted with HAAUG, but participation in certain presentations and activities may be limited to members only. HAAUG is an independent support group of Apple product users and is not affiliated with Apple Computer, Inc. The following are trademarks of Apple Computer, Inc., Apple, Apple II, Apple IIGS, eMac, Macintosh, iMac, iBook, PowerBook, ImageWriter, LaserWriter and the Apple Logo. All other brand names mentioned are registered trademarks or trademarks of their respective holders, and are hereby acknowledged.

# SIG Topics + Schedule

General Meeting - Saturday, May 17, 2008 @ University of Houston University Center

## Ad hoc

Groups are welcome to use the casual spaces to meet on other topics.

Scheduled SIGs take precedence. The HAAUG SIG Coordinator is Rick Roberts.

If you have a topic that you think warrants a SIG, please see Rick (large, bearded fellow) at the General Meeting, or email him at

[rroberts@mac.com](mailto:rroberts@mac.com).

## SIG Leaders

### Mac 101 Fundamentals

**Jonathan Magnus**

This SIG is for basic Macintosh questions.

### Digital Photography

**Andrew Polk**

Bring your cameras, bring your photos (printed or electronic) and we'll discuss what makes a great photo.

### Mac-n-stein

**David Cook**

Running OSX on PC hardware.

	Mediterranean Room	Aegean Room
9 a.m.		Mac 101 Fundamentals
10a.m.		Mac-n-stein
11a.m.	Club Business Meeting	
11:30 a.m.	<b>10 Mostly Useless Things You Can Do with Your Mac's Accelerometer!</b> presented by <b>HAAUG's Matt Willmore</b>	
1 p.m.		Digital Photography
2:00 p.m.	Tear down, pack it up, and clean it up...	
3:00 p.m.	BBQ SIG location to be determined by consensus.	
Room assignments and SIG topics are subject to change at any time. SIG leaders are volunteers, be nice to them.
